

Great Falls Village Fundraising Event

ACTION

On August 19th 2023, Hiking Heroes started a fundraiser by setting up a booth at the Great Falls Village. There, we sold many products, such as baked goods, books, and hand-crafted soap. In total, we raised about six-hundred dollars for *One Tree Planted!*

EXPERIENCE

Members of the club who volunteered were split into different shifts at different points of the day. The event started as early as 9:30 AM and ran until 5:00 PM. There, we worked at the booth by selling products at our stand.

These products were all very consumer-friendly, with books being reusable and soaps being naturally made. While we were also selling our products, we also advertised our mission which is to spread environmental preservation globally!

MEMBER'S THOUGHTS

While we were at the booth, many members had fun engaging with the customers and sharing the club's mission statement alongside the foundation we were fundraising for. Overall, it was certainly busy and stressful in the hot weather, but the engaging experience outweighs these setbacks.
