

Leigh Mill-Ramey Meadows Park Hike

ACTION

What better time to enjoy Christmas Eve than to rid a public trail of litter! On this day, members scavenged through the park, cleaning up every single piece of trash that they could see. As it's the last hike of the year, we hope that in the coming year, Hiking Heroes can continue to serve the community in similar, positive ways!

EXPERIENCE

Members came together with trash bags, gloves, and other tools that would come handy in picking up trash from the ground. After everyone had come together, we stuck to a trail and kept a keen eye out for any pieces of garbage that may have been littered on the ground.

This hike was very exciting, as the trail provided for lots of great views and scenery, even at one point allowing us to cross an entire river through stepping stones! Although the weather was cold, it sure was one of the more memorable hikes of 2023!

MEMBER'S THOUGHTS

Overall, this hike was truly special, not just due to its immense positive impact on the trail, but also due to its timing as the last hike of this year. In the future, we hope to continue to do grand events, hikes, and fundraisers that seek to benefit our world's environment!
